ebh finansservice – sales process initiated

Finansiel Stabilitet and EBH Bank has over a period of time received substantial interest regarding ebh finansservice from a number of parties that have indicated strong interest in acquiring the company. ebh finansservice is fully owned by EBH Bank, a subsidiary of Finansiel Stabilitet.

Finansiel Stabilitet and EBH Bank believe that the timing now is right for initiating a sales process and finding a better owner of ebh finansservice that together with the company can develop the business further.

“We are pleased to have received serious interest from potential buyers of ebh finansservice,” says Henrik Bjerre-Nielsen, CEO of the Financial Stability Company. “We will now initiate a sales process in which we will ensure an open and transparent process for selling the company, so that all interested parties are given the opportunity to submit a bid in order to secure a successful sale and the further development of the business.” says Henrik Bjerre-Nielsen.

All parties with an interest in acquiring ebh finansservice are encouraged to contact Niels Olsen, Senior Vice President at Finansiel Stabilitet (tel. + 45 21 14 21 41) for further information regarding the sales process.
