## **Gudme Raaschou Bank sales process initiated**

In continuation of the announcement from Finansiel Stabilitet on 16 April 2009 concerning the framework agreement with Gudme Raaschou Bank, the preliminary work has now advanced enough to initiate an actual sales process for the banking activities excluding the mortgage deed activities.

Interested buyers are again encouraged to inform Finansiel Stabilitet about their interest.

A confidentiality agreement will be forwarded, and when this has been returned duly signed, access will be granted to an Information Memorandum and a virtual data room as well as to instructions regarding the bid procedure.

It is expected that the Information Memorandum and the data room will be accessible in week 19. A detailed time table will soon be forwarded to the interested buyers.
